AUG 07 2007REMARKSI. Office Action Mailed May 7, 2007

Claims 1-44 have been previously cancelled and the only pending claim is independent Claim 45. In the Office Action, the Examiner rejected Claim 45 under the doctrine of non-statutory double patenting in view of certain claims in U.S. Patent Nos. 6,056,768, 6,699,261, and 6,162,240. While Applicants respectfully traverse the Examiner's contention that Claim 45 is not patentably distinct from the prior patents, in order to expedite prosecution of this application, Applicants submit with this Response a terminal disclaimer and a credit card authorization form to charge the \$65 fee for filing the terminal disclaimer.

CONCLUSION

The foregoing is submitted as a full and complete response to the Office Action mailed May 7, 2007. Applicant and the undersigned thank Examiner Thaler for considering these remarks. If the Examiner believes that any issues exist that can be resolved by telephone conference, or that any formalities exist that can be corrected by an Examiner's Amendment, please contact the undersigned at (404) 572-3505.

Respectfully submitted,
